

Modular Blast Chillers & Shock Freezers

American Panel's modular series of blast chillers and shock freezers make site restrictions a thing of the past. These units are assembled in the field, the same way a typical walk-in is erected. No more wondering how you're going to get that large piece of equipment through the door. The modular series also features a consolidated evaporator fan assembly. This places all of the components within the cabinet on one side, which greatly reduces the overall footprint of the unit. American Panel quality and precision in a flexible format to fit your needs. Customize your unit with any of the typical HURRiCHILL accessories.

- All Stainless Steel Construction
- 3" Foamed-In-Place Insulation
- Easily Assembled On-Site
- NSF Sanitation Certification
- Plug & Play Wiring
- Fits through any building door
- Fits on Elevators with Ease
- Low Profile Controller
- UL Listed

Chilling Capacity **Freeze Capacity**
160°F-38°F **160°F-0°F**
(90 mins) (120 mins) **(4 hours)**
